

## A Note to the New Kids

From Para Creek to Cameron's Corner  
Here to the sea  
A hotel in Kingoonya town  
And even Port Pirie  
Conservation and National Parks  
The rock called Uluru  
I've got friends 'most everywhere  
And soon, so will you  
We'll welcome you with open arms  
And make you feel at home  
At this great School of the Air  
No one is alone  
Sure our ways may seem strange  
But you'll get used to it  
The lessons on the Internet  
A sure fire hit  
A sports day at the end of year  
A camp at the start  
From fun events all through the year  
You'll never want to part  
So you came from over there  
Now you're right here  
Don't sit down, don't relax  
Make sure you use your ears  
Join our awesome SRC  
Where the student voice is heard  
Everyone is listened to  
No opinion's blurred  
Join in Challenges along the way  
Never wear a frown  
Smile and be a friendly friend  
No one will put you down  
Listen with care, heed these words  
Take my advice  
The teachers at School of the Air  
Are really, really nice

Listen to me for I do know  
I've been here since Kindy days  
I know there's nothing to fear  
In teacher's sturdy ways  
Don't get it stuck into your head  
That you have to cause some trouble  
Read these words, take my advice  
And maybe times it double  
We students are just one third  
Of our school community  
There's teachers, parents and kids  
So you see we're one of three  
And all of us are under  
One very special lead  
A principal no less  
One of which we need  
The fantastic teachers teach us  
To read, write and rhyme  
Working hard at school  
Is never wasted time  
You'll meet at least one teacher  
Each and every term  
Remember, they're all here  
To expertly help us learn  
This is an awesome school  
And now I leave you here  
You'll make some special friends  
When you're with School of the Air!
