

# Construction Awareness

CITB

Construction Industry Awareness Program

**Our Construction Awareness Program is designed to introduce students to the possibilities and viability of a career pathway into the Construction Industry.**

The program provides students with practical activities focusing on multiple trades and para professions within the construction industry and enhances students' awareness and interest into the industry.

# Construction Awareness

CITB

Construction Industry Awareness Program

## Program Overview

This program is delivered over 1 day (6 hours). The program provides students with practical activities focusing on multiple trades and para professions within the construction industry and enhances students' awareness and interest into the industry. This is a non-accredited program.

### **This includes:**

- Information on the construction industry and employment options
- Exploring the construction industry and viable career pathways
- Practical activities designed to allow exposure to construction tasks
- Safety induction and working safely within the construction industry

We provide students with practical skill knowledge building activities to provide exposure to actual workplace tasks.

### **This includes:**

- Planning and drafting projects
- Safety induction in use of hand and power tools used in construction
- Bricking and building frameworks (Carpentry)
- Operating basic construction tools and equipment
- Demolition planning and execution

## Program Outcome

On successful completion of this course, students will receive certificate of participation and completion for the program.

## Connecting Students with Employers

SYC's long established presence in South Australia and extensive network means we can assist students to connect with local support networks, employers, and local industry in order for them to explore their chosen pathway.

## Locations/Facilities

We have training locations situated across the Adelaide Metro region where students can experience hands on training in a safe working/ learning environment for everyone. Our Construction Awareness program is delivered in one of the following locations:

### **Elizabeth East**

SYC - 29 Enterprise Rd, Elizabeth East SA 5112
