Senior Years Careers Come-In Day Sessions

Flinders University: My Career Match Workshop (Laptop Required)

Session 1

University Session with Flinders University

Find out all about university study. This session will offer an introduction to life at university, including choosing a course, study areas, entry pathway options, and career outcomes.

Screen and Media Guest Speaker

Media Makeup Academy will introduce students to the Screen and Media Industry, exploring study pathways, personal considerations and career opportunities. Discover the skills, training and career options available in this creative industry.

Transition to Work Guest Speaker

Transition to Work provides intensive employment support for eligible 15–24 year olds. Learn how the program can help disengaged students explore pathways into work, apprenticeships, training or further education.

Your Rights at Work

An introduction to workplace entitlements, rights and conditions, and how they practically apply to different jobs. This workshop empowers young people to understand their work and gives them the tools to speak up if something goes wrong.

Session 2

Engineering Guest Speaker

Discover how engineers turn big ideas into real-world solutions across areas like clean energy, robotics, health, gaming and space. Hear from Engineers Australia about engineering careers and how your curiosity and creativity could help shape the future.

Beauty Industry Guest Speaker

Open your mind to the opportunities in the Beauty Industry – it's more than you think! Media Makeup Academy will present an introduction to the Beauty Industry including information on study pathways, career opportunities and how to get started on your journey.

Staying Safe at Work

An overview of work health and safety rights and responsibilities, including how to identify and address any hazards, ensuring young people are equipped to protect their physical and mental health at work.

Resume Writing Workshop

Learn how to create a professional resume that highlights your skills, experience and strengths. Get practical tips on formatting and content to help you stand out when applying for jobs, work experience or courses. Laptop required.

Marden Senior College Careers Expo

Session 3

Automotive Guest Speaker

Join Travis from Capricorn and Simon from RAA to explore the opportunities within the automotive industry. Find out about the automotive industry sectors, automotive technology, and career opportunities. Hear about their own career journey and what you can do to gain an automotive apprenticeship.

Built Environments Guest Speaker

Discover the diverse careers involved in shaping the places where we live, work and connect. Explore pathways in architecture, urban planning, surveying, property and development, and learn how these careers help create sustainable and thriving communities.

Pathways Planning

In this session you will be supported to explore your options and plan your next steps. This could include exploring subject selection for 2027, understanding requirements for VET applications, or getting support with SATAC university applications – whatever your needs are!

Wellbeing Walk

Take a break and boost your wellbeing with our guided Wellbeing Walk. This relaxed session invites you to step outside, stretch your legs and connect with others as you reflect on what you have learnt throughout the day. You will go on a short walk to the nearby Linear Park. (Weather Permitting)
